

Introduction

Publication type: Journal article

Journal: [Ædificare Revue internationale d'histoire de la construction](#)
2018 - 2, n° 4. [Recyclage et emploi : la seconde vie des matériaux de construction](#)

Authors: Bernardi (Philippe), L'Héritier (Maxime)

Abstract: Addressing the issue of re-employment, reuse, and recycling today means decompartmentalizing approaches to leftover materials. This dossier bears witness to the innovative nature of the research undertaken in recent decades on these practices, the diversity of the objects to which they are applied, and the resolutely interdisciplinary nature of these approaches.

Pages: 23 to 36
