2014 - 1, n° 13. [Le silence](#)

Author: Buhot de Launay (Marc-André)

Abstract: If we consider them in isolation, words risk appearing like those pairs of socks rolled up one on top of each other, and whose illusory compactness enchanted the young Benjamin, who marvelled to see this illusory image of totality unravel so easily. Surely words are nothing other than a provisional arrangement of semantic and semiotic registers. It is therefore important to return them to the historicity which maintains them, and the syntax which assures them a function in a given discourse.
