Author: Foarță (Șerban Nicolae)

Abstract: For the author, the poetry is a mode of experimenting, a kaleidoscopic and polyglot texture, a linguistic game comprising the absurd, the parody, the humour, the ambiguity and the paradox. This is, in short, the art of masterfully re-inventing the language. The author presents a cycle of poetry reviving the ineffable of an ancient folk story. He cherishes love, the music above all, by means of repetition, homophony and pun.
