

## The Mental Image Through the Prism of Functionalist Psychology

Publication type: Journal article

Journal: [Alkemie Revue semestrielle de littérature et philosophie](#)  
2022 - 2, n° 30. L'image

Author: Idoudi (Saber)

Abstract: Valéry's functionalist psychology does not aim to grasp the essence of mental images, but to describe their functioning. The values and functions he attributes to these images respond to varying needs. Their reason for being and the why of their non-being emanate from this same principle.
