

## The uses of Montaigne in the works of Alexandre Dumas

Publication type: Journal article

Journal: [Bulletin de la Société internationale des amis de Montaigne](#)  
2021, n° 73. varia

Author: Angard (Laurent)

Abstract: If the references to Montaigne in the works of Dumas are not so numerous, they nevertheless allow us to grasp the way in which the writer of the nineteenth century perceives the humanist and especially the uses he makes of them in his works : So it allows him to reflect both on the way history is written, on education, on military art, but also on considering Montaigne as a literary model, on the move, as Dumas had perceived him.
