

Phrases préfabriquées des interactions : quelques observations sur le corpus CLAPI

Publication type: Journal article

Journal: [Cahiers de lexicologie](#)
2019 - 1, n° 114. [Les phrases préfabriquées : Sens, fonctions, usages](#)

Author: Tutin (Agnès)

Abstract: Phraseology includes, beyond set phrases, prefabricated sentences which are particularly productive in interactions (*you're welcome; forget it*). This study proposes a typology of these prefabricated sentences based on a corpus study (Corpus de Langues Parlées en Interactions). Observations on the corpus show a high productivity and variety of these sentences and highlight syntactic regularities related to the types of sentences.
