

Naming and locating places and localities in the declarations of property of the abbey of Val Notre-Dame in the 14th and 15th centuries

An appropriation of space by the Cistercians?

Publication type: Journal article

Author: Helias-Baron (Marlène)

Abstract: The abbey of Val Notre-Dame, founded in 1125, was well endowed by the local lay lords. Thanks to two documents, written in 1362 and 1464, the economic situation of this monastery at the beginning and end of the Hundred Years' War can be compared. The identification and precise location of the place names allow us to reflect on the appropriation of the territory by a Cistercian abbey.
