

Worlding European Literature

Publication type: Journal article

Journal: CompLit Journal of European Literature, Arts and Society

2021 - 1, n° 1. Comparative Literature and European Cultures / Littérature comparée et cultures européennes

Author: D'haen (Theo)

Abstract: The task of European comparatists evolves within a shifting geopolitical context. The traditional practices of the discipline will continue to exist, but Comparative Literature will also raise the question of the position of European literature in World Literature. European comparative literature scholars must therefore demonstrate modesty and flexibility in order to re-position European literature for a future in which Europe will play a much-diminished role in the world.
