

## Construction identitaire et politique du “slow travel” dans la littérature de voyage des XIXe et XXe siècles

Publication type: Journal article

Journal: [CompLit. Journal of European Literature, Arts and Society](#)  
2021 - 2, n° 2. Travel Writing, Cultural Exchange and Identity Construction / Récits de voyage, échanges culturels et constructions identitaires

Author: Arnds (Peter)

Abstract: This article traces a slow travel trajectory through European and American literatures with a focus on walking, from Romantic and nineteenth-century political writers to contemporary travel writers. It demonstrates the links between these writers' political gestures and identity construction through slow travel's discovery of liminal spaces and its potential for resistance, social and political responsibility, eco-awareness, and healing of oneself, others and the planet at large.
