

## Du français aux créoles - à travers la communication ?

Créolisation, délocutivité et métonymie pragmatique

Publication type: Article from a collective work

Collective work: [Du français aux créoles. Phonétique, lexicologie et dialectologie antillaises](#)

Authors: Jansen (Silke), Hoffmann (Ruth)

Abstract: The terms *delocutivity* or *pragmatic metonymy* refer to the transformation of a fragment of discourse into a new lexical unity. While literature on this subject argues that this phenomenon affects the lexicon of Creoles in particular, this contribution seeks to demonstrate, based on a case study of Haitian Creole, that this phenomenon is not particularly linked to Creolisation. On this basis, a new approach to pragmatic metonymy is proposed.
