

A contribution to research on the impact of employee share ownership on corporate governance

Publication type: Journal article

Journal: [Entreprise & Société](#)
2019 - 1, n° 5. varia

Author: Cardoni (Hélène)

Abstract: There are two aspects to employee share ownership: the right to participate in financial matters and a right to participate in the company's decisions. While the financial aspect has been widely studied in the literature, the presence of an administrator who represents the interests of employees who hold shares has received very little attention. Based on a qualitative examination of French companies, this study seeks to capture the impact of such a person in governance bodies.
