Essai sur les mœurs et l'esprit des nations . Tome II

See also [Tome I](#)

Publication type: Book

Author: Voltaire

Scientific editor: Pomeau (René)

Abstract: The second volume of *Essai sur les mœurs et l'esprit des nations* undertakes to accurately represent the world, from the reign of Louis XI to the beginning of the century of Louis XIV. With a synthetic approach, Voltaire offers a broad picture of peoples' methods, uses, and beliefs in order to apprehend the spirit of nations and explore the "mystery of the world."
