Journal: [Éthique, politique, religions](#) [Les transformations du concept de guerre \(1910-1930\)](#)
2016 - 2, n° 9. I. Limites et extension

Author: Herrera (Carlos Miguel)

Abstract: This text analyzes the transformations of pacifism in international law, after the First World War. The article explores in particular the position of Hans Kelsen in front to this current, whose main representatives in German Law are W. Schücking and H. Wehberg. The question of war in the science of law will serve to better inform positions.
