

The big interview with Maurizio Ferraris

Publication type: Journal article

Journal: [Études digitales](#)
2018 - 1, n° 5. Reliosité technologique

Authors: Gilbert (Jacques Athanase), Ferraris (Maurizio)

Abstract: The “Big Interview” is dedicated to Maurizio Ferraris, an Italian philosopher from the University of Turin, founder of the Centre d’ontologie appliquée (Center for Applied Ontology). He became known in France, in the field of digital studies, with several noted books on the cell phone and iPad. The originality of his career lies in his position between hermeneutic tradition and realism. He has developed an original approach to digital documentality.
