

Pour une philosophie politique sartrienne

Réflexions à partir d'un ouvrage récent

Publication type: Journal article

Journal: [Études sartriennes](#)
[2017, n° 21. Penser avec Jean-Paul Sartre aujourd'hui](#)

Author: Collamati (Chiara)

Abstract: A critical reading of a work by Jean-Paul Sartre recently published in Italy shows the need to test out a twofold hypothesis concerning Sartrean political philosophy: its irreducibility to the contractualist tradition in modern political philosophy (Thomas Hobbes, Jean-Jacques Rousseau), and its corrosive force with regard to the conceptual apparatus founded on the constituent power/constituted power binary, as well as the temporal logic underlying it, that of the future anterior.
