Abstract: Here is a list of the readings of Sartre and de Beauvoir between 1905 and 1945. In chronological and alphabetical order, it highlights the couple's overlapping reading choices—indicated in bold in the table—based on Sartre and de Beauvoir's previously unexplored loan cards (at the bookstore Shakespeare and Company and at Adrienne Monnier's Maison des amis des livres) and on the readings described in almost all of the couple's self-writing.
