

## Une méditation mallarméenne sur la faim de l'homme

« Mes bouquins refermés sur le nom de Paphos »

Publication type: Journal article

Journal: [Études Stéphane Mallarmé](#)  
2017, n° 5. varia

Author: Smekens (Wilfried)

Abstract: Convinced that studies of this text have until now suffered from a rather restrictive approach, this proposes his analysis. In the first part of his text it follows the poem line by line. In a second section it situates the poem within the context of Mallarmé's work and especially *L'Après-midi d'un Faune*. In a final section it provides some more detailed additional notes.

Pages: 89 to 123
