

François I^{er} « *trop en corps* » in Marguerite de Navarre

Publication type: Article from a collective work

Collective work: [François I^{er} et la vie littéraire de son temps \(1515-1547\)](#)

Author: Francis (Scott)

Abstract: This study reconsiders the portrayal of Francis I in Marguerite de Navarre's poetry and in the *Heptaméron* in light of her theology. Far from whitewashing her brother's reputation, as Montaigne implies, Marguerite uses his worldliness to illustrate the necessity of the flesh for salvation.
