

## Réflexion sur les mutations de la rue

De la spécialisation à la banalisation. Quelques exemples dans le Paris du xx<sup>e</sup> siècle

Publication type: Article from a collective work

Collective work: [Histoire urbaine et sciences sociales. Mélanges en l'honneur du professeur Olivier Zeller](#)

Author: Garden (Maurice)

Abstract: The examples of two small Parisian streets enlarged by Haussmann, the rue de l'Annonciation and the rue de l'Ourcq, show that roads are a good indicator of material and social change in Paris between the nineteenth century and twentieth century. Annual reports (the *Bottin*) and censuses taken in the interwar period provide a detailed account of the streets' residents, as well as the evolution in, and banalisation of, construction work.
