VOCABULAIRE LATIN GRAMMATICAL ET LINGUISTIQUE

Ne sont relevés ici que les termes ayant une valeur linguistique et/ou grammaticale*, mais non les titres servant de repères dans le détail des paradigmes. Les noms des parties du discours sont soulignées et les éléments de détail caractéristiques imprimés en **gras**. Les traits obliques séparent la pagination de l'édition originale (1623) de celle de l'édition moderne.

* Nous avons donné sa place à l'adjectif bien qu'il ne soit pas encore entré dans la liste canonique des 'parties du discours'.
