L'École des maris, Les Fâcheux

This book is also part of a multi-volume bundle. See [Théâtre complet. Volumes I à XVIII.](#)

Publication type: Book

Author: Molière

Scientific editor: Mazouer (Charles)

Abstract: *L'École des maris* pokes fun at an old-fashioned man who attempts to isolate and lock up his charge, who is slated to become his wife; he fails, as Arnolphe will fail in *L'École des femmes*. *Les Fâcheux* is the first example of the new comédie-ballet genre, which combines spoken dialogue, music, and dance.
