

## L'Ethnologie détournée

Carl Einstein, Michel Leiris et la revue *Documents*

Publication type: Book

Author: Côté (Sébastien)

Abstract: This book analyzes the appropriations of ethnology in Carl Einstein's and Michel Leiris's contributions to the journal *Documents* (1929-1930). As the role occupied here by the "primitive Other" recalls the noble savage of the Enlightenment, studying its resurgence in interwar France appears necessary.
