

Tout en étant incontournable, le *Nouveau recueil complet des fabliaux* est-il vraiment irréprochable ?

Publication type: Article from a collective work

Collective work: [L'Étude des fabliaux après le Nouveau recueil complet des fabliaux](#)

Author: Rossi (Luciano)

Abstract: Through a critical examination of the *NCRF*, Luciano Rossi points out three major weaknesses : the absence of historical perspective, the ecdotic principles and the lack of codicological information. On these grounds he suggests numerous historical and philological revisions and new attributions. Precise remarks call for a more general discussion on the legitimacy of the corpus established by the *NRCF*, but also on the responsibility such an undertaking represents.
