

L'Exemplum virgilien et l'Académie napolitaine à la Renaissance

Itinera Parthenopea, I

Publication type: Collective work

Editors: Deramaix (Marc), Germano (Giuseppe)

Abstract: In the Neapolitan Renaissance academy, Latin poets made imitation a principle of their writing—including the imitation of Virgil, the *exemplum* of all styles. Sometimes their imitations were more Virgilian than the model that gave birth to an originality that they defined for the Moderns.

Number of pages: 488
