

« Vicarier » au xviii^e siècle, nécessité ou choix de vie ?

Publication type: Article from a collective work

Collective work: [La Circulation de la musique et des musiciens d'église. France, XVI^e-XVIII^e siècle](#)

Author: Mussat (Marie-Claire)

Abstract: Analysing letters (including plan, words, style) from musicians offering themselves as a candidate for a possible position or answering vacant situations offers a new approach of the "itinérance", with a stress on the strongly expressed musicians' feelings. These rare documents show the relations between wishes and real job market.
