

Le plan du *Discours de la servitude volontaire* Pour une lecture rétrograde

Publication type: Article from a collective work

Collective work: [La parole de La Boétie. Approches philosophiques, rhétoriques et littéraires](#)

Author: Boulet (Michaël)

Abstract: This article examines the fundamental question of the *dispositio* of the *Discours*, by suggesting that it should be read with recourse to its ending. The end is disappointing, however, leaving the reader, who is ultimately referred by la Boétie to his or her conscience, still thirsting for directives on how to behave with regard to the tyrant.
