

Un triptyque pour continuer le monde

L'État des lieux de Pierre-Alain Tâche

Publication type: Article from a collective work

Collective work: [La Poésie comme espace méditatif ?](#)

Author: Delorme (Françoise)

Abstract: The analysis of *L'État des lieux* by P.-A. Tâche shows that the poet, through an interplay between closed temporal continuity and unstable discontinuity, makes harmony and dissonance more fragile. A new precarious coherence questions the notions of centrality and unity, and meditates on our presence to the world.
