

La Religion dans les limites de la simple raison

Publication type: Book

Author: Kant (Emmanuel)

Editor-translator: Gallois (Laurent)

Abstract: *La Religion dans les limites de la simple raison* (1793) belongs to the philosophical programme which Kant traced from the *Critique de la raison pure* (1781) onwards. The new translation offered here reveals its place in this programme, without taking away from its evident contemporaneity.
