

Les *Commentaires de César des guerres de la Gaule* mis en français par Blaise de Vigenère, avec quelques annotations dessus

Un art de transposer politique, entre vulgarisation et érudition

Publication type: Article from a collective work

Author: Desarbres (Paul-Victor)

Abstract: Vigenère's annotated translation of Cesar appeared during the civil wars. This pedagogic synthesis of the philological knowledge of the day is inscribed within the official policy of illustrating the vulgate. It also refutes certain Monarchomach writings and offers a coded history for the use of the fighting nobility: the theme of war and the Asianist register and rhetoric fuse what might be useful to the King with what was agreeable for the court.
