

Prologue

Les fantômes de la *translatio studii* vernaculaire

Publication type: Article from a collective work

Collective work: [Le Choix du vulgaire. Espagne, France, Italie \(XIII^e-XVI^e siècle\)](#)

Author: Galderisi (Claudio)

Abstract: A history of translation must also consider that corpus of texts which could not be translated and which has thus been confined within the borders of their own culture. The *Transmédie* corpus of texts allows us to outline the phenomenon of the “thwarted translation”, interrogate its causes, and lay the foundations for its history.
