

Les îles métaphores

Moment insulaire et textes miniatures

Publication type: Article from a collective work

Collective work: [Le Comparatisme comme approche critique Comparative Literature as a Critical Approach. Tome 5. Local et mondial : circulations / Local and Global: Circulations](#)

Author: Isolery (Jacques)

Abstract: Postulating that, in the “island moment,” the two spaces constituted by the island landscape and the singular subject seem to be made into a single entity, this article questions the functioning of analogy and its extension to the aesthetics of the literary text and more particularly to that of the *texte-miniature*.
