## Le Problème du style

Questions d'art, de littérature et de grammaire

Publication type: Book

Author: Gourmont (Remy de)

Scientific editor: Kaës (Emmanuelle)

Abstract: Remy de Gourmont drew on the science of his day to promote a definition of the artist in rupture with the social world. His polemic with Albalat took place against the collapse of rhetorical models. Gourmont opposed sensation – style as an art of seeing – to the pedagogy of good writing.
