

## ***Le Théâtre en liberté***

### Victor Hugo et la scène sous le Second Empire

Publication type: Book

Author: Desvignes (Stéphane)

Abstract: This book is devoted to Victor Hugo's *Théâtre en liberté* and explores how these texts written in exile relate to the world of the Second Empire. It brings to light a connective atopy, ubiquity, demystification and critical reflexivity—all common to Hugo's position—with regard to *Théâtre en liberté's* relationship with the contemporary repertoire and its dramaturgical renewals.
