

Michel Houellebecq, figure de roman

Publication type: Article from a collective work

Collective work: [Lectures croisées de l'œuvre de Michel Houellebecq](#)

Author: Van Wesemael (Sabine)

Abstract: Several contemporary French novelists paint a picture of Michel Houellebecq. By describing the author of *Atomised* writers such as Marc-Édouard Nabe, Hélène Marienské, Philippe Djian and Pierre Mérot want to position themselves in the actual literary world. The portrait given of Houellebecq is funny and absurd but the authors discussed in this article also want to pay him their respect.
