La pratique des professions et leur enseignement

Publication type: Journal article

Journal: [Les Cahiers du dictionnaire](#)  
[2013, n° 5. Dictionnaire et enseignement](#)

Author: Zanola (Maria Teresa)

Abstract: In the nineteenth century, the Roret manuals were a reference point for numerous technical sectors, allowing knowledge of the latest developments to be passed on to workers, manufactures, and producers, as well as scholars. The manuals describe the knowledge-base in industry, commerce, and manufacturing, and provide us with an indispensable source of technical terminology thanks to the comprehensive glossaries.

Pages: 59 to 72
