

## Les dictionnaires électroniques : archéologie

Publication type: Journal article

Journal: [Les Cahiers du dictionnaire](#)  
2014, n° 6. [Dictionnaires électroniques et dictionnaires en ligne](#)

Author: Wionet (Chantal)

Abstract: The article shows how the first electronic editions of the Richelet 1680, Furetière 1690 and the Dictionnaire de l'Académie française, were planned, so that automatic interrogations become possible without distorting the texts written according to the intellectual principles of the old regime. It proposes some analysis results too, made out from the corpus edited this way.
