Abstract: In 1992, along with Jean-Claude Boulanger and other lexicographers, Alain Rey launched the *Dictionnaire québécois d'aujourd'hui* and the *Dictionnaire historique de la langue française*. From 2003 Les Éditions Robert oversees the inclusion of new belgicisms in the *Petit Robert*, partly as a result of our collaboration. This contribution goes behind the scenes of various regional and French dictionary projects and on relations with collaborators of Éditions Robert in the francophonie.
