

The processing of specialized lexical uses in the dictionary of language

Publication type: Journal article

Journal: [Les Cahiers du dictionnaire](#)
[2022, n° 14. Dictionnaire et grammaire](#) [Dictionnaire et liberté](#)

Authors: Mejri (Soumaya), Mejri (Salah)

Abstract: The dictionary of language is considered as a work which only deals with the general lexicon. We will try to show that this representation does not take into account specialized uses. From examples borrowed from the *Grand Robert*, we will show how lexicographers use several descriptive filters to identify such uses with the goal of popularization.
