

The bilingual dictionary of Daniel Reig

Publication type: Journal article

Journal: [Les Cahiers du dictionnaire](#)

2023, n° 15. [Dictionnaire et patrimoine Les discours du dictionnaire et les dictionnaires du discours](#)

Authors: Ben Amor (Thouraya), Bouali (Monia)

Abstract: Unlike dictionaries of a bilingual nature which traditionally respect the principle of symmetry in the treatment of the source language and the target language, the *Bilingual Arabic-French, French-Arabic Dictionary* by Daniel Reig (= *As-Sabil*) has the peculiarity of responding to an original configuration characterized by asymmetry. We shall question this lexicographic choice in the light of two fundamental principles in this field: consultability and readability.
