

The dictionaries of universal sententious speech

The truth tested by translation

Publication type: Journal article

Journal: [Les Cahiers du dictionnaire](#)

[2023, n° 15. Dictionnaire et patrimoine Les discours du dictionnaire et les dictionnaires du discours](#)

Authors: Lajmi (Dhouha), Ben Amor (Thouraya)

Abstract: Our objective is to study the treatment of a particular type of discourse present in universal sententious dictionaries. We will observe how this type of dictionary treats sententious units such as proverbs and how their translation from one source language to another target language makes it possible to verify not only the transposition of their predicative content but also their universality.

Pages: 293 to 308
