

Les mises en prose de l'atelier du Maître de Wavrin : pistes et réflexions

Publication type: Article from a collective work

Collective work: [Les Centres de production des manuscrits vernaculaires au Moyen Âge](#)

Author: Arseneau (Isabelle)

Abstract: The flourishing prose translation phenomenon which characterised Burgundian circles in the mid-fifteenth century should not eclipse the plurality of centres and production agents, the diversity of approaches and objectives, and the weight of the dialogue established with the original fifteenth-century works.
