

Les Chroniqueurs d'Aragon et les pouvoirs de l'écrit

Les tisseurs du temps

Publication type: Book

Author: Hermant (Héloïse)

Abstract: This work studies the official history of the Spanish monarchy from the point of view of the kingdom of Aragon. By following the chroniclers at work, this work shows how the elaboration of these stories of a common past allows territories and communities at the scale of the monarchy to connect based on their particularisms.
