

Les Échos du formalisme russe dans le nouveau roman

Étrangéisation à l'œuvre

Publication type: Book

Author: Kharlamova (Daria)

Abstract: While retracing the genesis of the concept of estrangement, propounded by Victor Shklovsky in 1917, this book studies the paths that the concept took in order to influence the French cultural landscape of the post-war period and explores how the concept shaped the first novels of Alain Robbe-Grillet and Claude Simon.
