

## Les francités anglo-saxonnes d'Alain-Fournier

Publication type: Article from a collective work

Collective work: [Les Héritages littéraires dans la littérature française \(xvi<sup>e</sup>-xx<sup>e</sup> siècle\)](#)

Author: Rogues (Jean-Paul)

Abstract: *Le Grand Meaulnes* is meant to embody a French heritage supposed to reconcile the virtues of rural France with the ones of the Republic. Yet, Alain-Fournier – a true defector – builds his work on a rejection of classics and masters, and finds his models in Anglo-Saxon literature.
