Réunion, Mayotte et Comores, l'opacité d'une inter-culturalité complexe

Publication type: Article from a collective work

Collective work: [Les Littératures francophones de l'archipel des Comores](#)

Author: Payet (Marie-Ange)

Abstract: The literary texts of contemporary authors from the Comoros and Mayotte illustrate the Glissantian *pensée archipélique*. In this fraction of the world, the cultures and traditions are often in conflict with the French colonial presence, and symbolise the construction of a new territory, where transnationalism and transculturalism have an extended rhizomatic development.
