

Les Petites Nations

Culture, politique et universalité

Publication type: Collective work

Editors: Laniel (Jean-François), Thériault (Joseph Yvon)

Abstract: What questions do small nations raise for both knowledge and politics? What do we see at the other end of the gaze that great nations cast on the world? Can we use this perspective as a heuristic tool to understand our societal challenges? These are the questions at the heart of this book.

Number of pages: 413
