

Littérature urbaine

Donnée culturelle médiévale ou concept de l'histoire littéraire ?

Publication type: Collective work

Editors: Evdokimova (Ludmilla), Laurent (Françoise)

Abstract: Far from simply reflecting the image of cities, urban literature originates from an earlier tradition and, at the same time, touches on what is contemporaneous with it to the point of becoming the bearer of a poetics and of cultural and social data that are together a legacy bequeathed to the Renaissance.
