Œuvres poétiques complètes. Tome II

See also [Tome I](#)

Publication type: Book

Author: Marot (Clément)

Scientific editor: Defaux (Gérard)

Abstract: Alongside the satirical and worldly poems, this volume fully restitutes the spiritual and religious dimension to the oeuvre of Marot, a major figure of nascent humanism. A translator and editor of profane and sacred texts, he dedicated himself to the ancients, in particular Ovid, and notably “translated” the *Book of Psalms* and three of Erasmus’s colloquies.
