The Department of French and Italian at the University of Massachusetts in Amherst issues the scholarly journal, *MONTAIGNE STUDIES, An Interdisciplinary Forum*, under the direction of an Editor-in-Chief, yearly elected among American scholars. The journal is published and distributed by Hestia Press.

A related publication is a book on Montaigne, *The Order of Montaigne's Essays* (1989, 247 pages, 19 illustrations, cloth, acid-free paper, volume size 7 by 10 inches, \$16.95), which is a collection of articles that were presented at the *International Montaigne Colloquium* held at the University of Massachusetts at Amherst on October 6-8, 1988. The articles were selected around the central theme of the physical organization of the chapters (essays) in Book Three of the *Essays*. This volume is published and distributed for the Department of French and Italian, UMass-Amherst by Hestia Press. The International Colloquium celebrated the 400th anniversary of the first publication of Book Three in 1588. Reprints of this original 1580 edition (Books I and II) and of the original 1588 (Book III) with notes and all the variants are available at Librairie Slatkine, Case Postale 765 - CH -1211 Geneva 3, Switzerland.

The journal *MONTAIGNE STUDIES* is strongly interdisciplinary and welcomes a variety of approaches from different disciplines and written in either French, Spanish, German, Italian or English. Contributors should follow the MLA style.

For subscriptions to *MONTAIGNE STUDIES*, please write to Professor Daniel Martin, Department of French and Italian, UMASS, Amherst, MA 01003. The cost of this First Issue, including shipment is \$11.95.

Thanks are given here to Constance Spreen, Manuscript Editor, who skillfully assisted Professor Philippe Desan at the University of Chicago in the preparation of this First Issue.
