

Néologismes et nécrologismes dans le vocabulaire technique

Le cas de la terminologie des outils d'orfèvre

Publication type: Journal article

Journal: [Neologica](#)
2017, n° 11. [La néologie en terminologie](#)

Authors: Altmanova (Jana), Zollo (Silvia Domenica)

Abstract: Terminology from the domain of goldsmithing and silversmithing and the conditions of its appearance and its development depend on the scientific progress and the technical changes that have taken place in artisanal and industrial practices. The aim of this study is to consider the phenomena of creation, disappearance, and resurgence of tool-related terminology evolving according to productive processes as well as historical and social factors.
